THE SOUND is a blend of heavy guitars, unique grooves, and melodic keys. think of riffs from Helmet or Tool augmented by the musical variety of Deftones and keys of Porcupine Tree. the mood evolves from heavy and angry, to introspective, to optimistic, and even playful at times.

PARTICIPATE by writing reviews, blogging your thoughts, sending quotes, or helping to promote and you'll get a free album download or signed physical copy of the album. no live shows are scheduled for now, but we need your help and PR for print, sync placement, and other advertising!
